

Instructions to Authors for Manuscript submission

1) Manuscript submission will only be accepted as a soft copy. Hard paper copies will not be accepted. Submissions must be in the form of Windows 95 compatible 'doc' files for text. Images should be in the form of 'TIFF' or Windows files. All manuscripts properly labeled as described below should be sent to smt21@matmod.com

Files that are mislabeled and not clearly identified as smt 18 will be deleted and the paper will not be reviewed. The editors are NOT responsible for incorrect submission.

2) Minimum resolution for line art images (such as charts, graphs) is 800 dpi and is 300 dpi for grayscale images (such as micrographs or fractographs).

3) All images should be in black and white (i.e. grayscale). Furthermore, color images as well as low resolution formats will not be accepted. Upload images separately. Where possible, compress these, using WinZip.

4) These should include 4 (or) 5 characters from the author's last name. For instance, an author Thomas Jones, would name his files: smt 21 Jones.doc, for the text file and smt 21 Jones-F1.tif, smt21 Jones-F2.tif, etc. for the images. Here, F1 and F2 refer to image numbers.

5) For all journal references, full name of the journal, its volume, issue as well as the starting & ending page numbers are required. Abbreviations of journal names are not acceptable. For all books and conference proceedings, the name and location of publisher is required

The text must adhere to the following guidelines: Text should be arranged as:
